ARCHITECTURAL FINISHES & SURFACE
PREPARATION SYSTEMS

OFFICIAL
DEALER

Sandtex • Caplux
Systems

Authorized Sourcing: Chemical & Allied Products Plc (CAP Plc) **Doc Ref:** MIC-CAT-2026 **Coverage Spec:** Factory Certified TDS

This catalog outlines technical specifications, coverage yields, and application guidelines for our two flagship finishing divisions: **Sandtex Premium Paints & Emulsions** and **Caplux Professional Prep & Protection Systems**.

SECTION 1

Sandtex Premium Paints & Emulsions

1. Sandtex VME (Vinyl Matt Emulsion) 20L / 4L

CONTRACT GRADE • INTERIOR / EXTERIOR

High-opacity, contract-grade vinyl matt emulsion direct from CAP Plc. Delivers a gorgeous rich matt finish with exceptional wet-on-wet spread and superior durability. Available in over 120 colors.

COVERAGE YIELD

8 – 10 m²/L

FINISH

Classic Flat Matt

SUBSTRATE

Plaster, Blockwork, Gypsum

2. Sandtex Select VME 20L

INTERIOR & EXTERIOR MATT

Premium ready-mix matt finish with outstanding hiding power, durability, and color retention. Suitable for beautiful smooth finishes on interior and exterior walls and ceilings.

COVERAGE YIELD

8 m²/L per coat

FINISH

Smooth Velvet Matt

APPLICATION

Brush, Roller, Airless Spray

3. Sandtex Satin 20L / 4L

INTERIOR SILK / SOFT-SHEEN

Elite satin delivering an ultra-wipeable, super-spreading reflective coating. Highly scrub-resistant, washable formulation perfectly engineered for premium corridors, lobbies, and active rooms.

COVERAGE YIELD

12 – 14 m²/L

FINISH

Washable Soft Sheen

FEATURE

High Scrub Resistance

4. Sandtex Matt (Smooth & Tough Exterior) 20L

EXTERIOR SHIELD • WEATHER BARRIER

Legendary exterior coating delivering wet & coastal protection for humid regions. Actively curbs algae and fungi growth while allowing masonry breathing ventilation.

COVERAGE YIELD

2.5 – 3.5 m²/L

DURABILITY

10+ Years Weather Shield

PROTECTION

Anti-Fungi / Breathable Barrier

5. Sandtex Trade Smooth 20L

PROFESSIONAL ELITE / BULK BUILDING

Highly robust, smooth, tough exterior developer paint. Delivers a long-lasting, superior-quality weather barrier favored by elite Nigerian real estate developers for its tremendous yield specs.

COVERAGE YIELD

14 – 16 m²/L

GRADE

High-Yield Commercial Spec

APPLICATION

Exterior Blockwork / Concrete

6. Sandtex Finebuild 20L

EXTERIOR DEFENSE • TEXTURED PRIMER BUILD

Ready-mixed textured base coating specifically engineered to mask fine plaster cracks and uneven rendering. Durable fungi-resistant textured coat which stabilizes masonry pores.

COVERAGE YIELD

1 – 1.5 m²/L

TEXTURE

Crack-Masking Stipple

FUNCTION

Stabilizes Uneven Renders

7. Sandtex Gloss 4L

MULTI-SURFACE GLOSS ENAMEL

Brilliant non-yellowing high-gloss protective enamel for gates, wooden balustrades, skirting, and steel frame trims. Contains no added lead for ultimate workplace and environmental safety.

COVERAGE YIELD

16 – 18 m²/L

FINISH

Mirror High Gloss

SAFETY

Non-Yellowing • Lead-Free

1. Caplux Screeding Filler 20L

SCREEDING & SURFACE LEVELING

Ready-to-use professional grade acrylic screeding putty. Delivers a highly uniform, ultra-smooth base to eliminate hairline cracks and plaster imperfections before topcoat application.

COVERAGE YIELD

1.5 – 2.5 m²/L

TYPE

Acrylic Ready-Mix Putty

APPLICATION

Trowel / Screeding Blade

2. Caplux Alkali Resisting Primer 4L

PRIMER & ALKALINE BARRIER

High-performance water-borne primer sealer engineered to shield topcoats from masonry alkalinity. Ideal for fresh plaster and concrete blocks to prevent peeling and efflorescence salts.

COVERAGE YIELD

10 – 12 m²/L

BASE

Water-Borne Primer Barrier

SUBSTRATE

Fresh Plaster / Concrete Block

3. Caplux Red Oxide Anti-Rust Primer 4L

ANTI-RUST METAL UNDERCOAT

Premium solvent-borne anti-corrosion primer for ferrous steel. Infused with superior synthetic alkyd binders to lock out coastal air humidity and sea-spray rust.

COVERAGE YIELD

12 – 14 m²/L

BINDER

Synthetic Alkyd Anti-Corrosion

TARGET

Gates, Railings, Structural Steel

4. Caplux Plaster Primer 20L

SUBSTRATE SEALER • POROSITY BINDER

High-binding, deep-penetrating water base sealer designed to lock powdery masonry substrates and seal porous blockwork surfaces for significantly higher paint yields.

COVERAGE YIELD

8 – 10 m²/L

PENETRATION

Deep Pore Binding

BENEFIT

Cuts Topcoat Consumption

5. Caplux Stabilizing Solution Sealer 4L

SUBSTRATE BINDERS • DEEP STABILIZATION

Elite solvent-borne binder for highly powdery, degraded or chalky brickwork and aged weather-exposed facades. Consolidates crumbly renders to prevent peeling.

COVERAGE YIELD

6 – 8 m²/L

BASE

Solvent-Borne Penetrating Resin

USE CASE

Chalky / Degraded Renders

6. Caplux Undercoat 4L

PREMIUM PREP • INTERIOR UNDERCOAT

Low-odor, water-borne undercoat premium prep paint. Perfect for high-density public hallways, school classrooms, and luxury hotel rooms before applying satin or gloss topcoats.

COVERAGE YIELD

12 – 14 m²/L

ODOR

Ultra Low-VOC Formulation

COMPATIBILITY

All Matt, Satin & Gloss Topcoats

7. Caplux Biocidal Wash 4L

FUNGI STERILIZATION • ALGAE TREATMENT

Professional-grade sterilization wash designed to actively kill and prevent algae, mold, lichen, and fungal spores on interior and exterior masonry before paint application.

COVERAGE YIELD

6 – 8 m²/L

ACTION

Fungicidal & Algicidal Sterilization

PRE-TREATMENT

Masonry, Parapets & Retaining Walls
